**PRODUCT DESCRIPTION**

A 1930-1940s machinists articulated wall light by Mekelec of London, removed from a workshop in the North of England. Original green paintwork simply beeswaxed to revive, with a green-enamelled shade and a switched bayonet (B22) bulbholder. Re-wired into a connector block in the mounting block. Can be hardwired straight into the wall or alternatively can be supplied with 3m braided flex with a plug, exiting the base of the mounting block.
