PRODUCT DESCRIPTION

A large vintage downlighter reclaimed from communist-era industrial buildings across the Czech Republic.

These lights were once used extensively across the former Eastern Bloc, though most have now fallen victim to the wrecking ball.

Supplied fully refurbished, having been dismantled and hand cleaned, with exposed metal parts being blasted, polished and beeswaxed.

In the original vintage enamel with toughened glass diffuser. The original condition means these lights may have inconsistent finish, chips, small dents, rust spots, etc.
