PRODUCT DESCRIPTION

A classic Communist period design with hand-blown opal glass test tubes threaded into a cast porcelain base.

These lights mount flush to the wall or ceiling and are available on straight or angled bases.

FINAL SALE APPLIES - no return, refunds or exchanges.

This batch was produced in the wrong size to match our existing range and so these beauties are available here in the Trainspotters Depot only.

- Built-in porcelain E27 bulbholder
- Max 60w, LED bulbs recommended.
