

PAIR OF RARE 1920'S GERMAN INDUSTRIAL LOCKERS - SURPLUS

£1,475.00

SKU: 1540

Stock: Out of stock SKU: 1540

Weight: 25 Kg

Height: 31 × 40.5 × 190 cm

Category: [Depot](#)

PRODUCT DESCRIPTION

An extremely rare pair of industrial style metal lockers, circa 1920, removed from a railway station in Eastern Germany.

Robust but at the same time stylishly decorative thanks to the quadrofoil pierced mesh.

We had these sand blasted and powder-coated in Cream many years ago. They now find themselves standing around the mill redundant, seeking a new home.

There are shelf brackets built in, but no shelves supplied.

The door on one requires fixing at the catch to avoid it popping slightly open.

They are priced and sold as a PAIR ONLY.

Available exclusively here in the Trainspotters Depot.
