PRODUCT DESCRIPTION

Vintage pendant lights from Russia, reclaimed from a communist era factory.

Original rough-cast aluminium gives these lights real industrial character.

Generally the lighting used throughout Russia in the communist period was of a very rudimentary nature and not of a quality to justify reuse. These are a rare exception.

- Wired as standard with 1.5m braided flex. Please specify if you need longer lengths.
- E27 Bulbholder.
- Max 60w, LED bulbs recommended.
