PRODUCT DESCRIPTION

A bit of London history.

These original pendant lights have been salvaged from the legendary [Smithfields](#) meat market in the City of London. This 800 year old institution is in its final throes as a meat market, though fortunately the buildings have been preserved, and are soon to become the new home of the [Museum of London](#).

Original white vitreous enamelled shades with characterful wear and tear complete with original steel caps.

We have a few variations of Smithfields light, though we don't anticipate these relics of London's past hanging around for long.

- Wired as standard with 1.5m braided flex. Please specify if you need longer lengths.
- E27 Bulbholder.
- Max 60w, LED bulbs recommended.
