£360.00

SKU: 720

Stock: Out of stock SKU: 720

Weight: 8.8 Kg

Height: 116 × 37 cm

Category: [Interiors](#)

PRODUCT DESCRIPTION

Our re-make of the classic vintage railway luggage rack, once ubiquitous on slam door trains across the UK.

We salvaged many of the original versions of this design classic when we started the business. The [Trainspotters Originals](#) version sees a shorter length and more refined design, but retains all the functionality and character of the reclaimed versions.

Polished cast-aluminium & stainless steel, they can be used in the kitchen, bathroom, bedroom or hallway, and have been successfully used on many commercial projects.

You can read the story of the Trainspotters luggage rack [Here](#).
