Description

Impressive cast-aluminium and bronze pendant lights based on the vintage 1930's originals that we reclaimed from the streets of Lille some years ago.

Manufactured to the highest standard in the UK. The aluminium and bronze components are cast in our own moulds in Birmingham, the convex glass lenses are hand blown in one of Britain's last surviving traditional glass foundries.

We have retained some characterful patination to the surface of the metal.

Polished finish.

We can paint the shade in any specified RAL or Pantone colour to order, please enquire.
