

# Communist Fluorescent Tube Light -Long Original-

**V** Vintage

Ref: 1193

£690.00

£575.00 (Ex VAT)

## Description

Vintage reclaimed communist-era strip lights, retro fitted to dimmable LED.

Designed 1950, produced 1960/1970s by VEB Leuchtenbau Wittenberg/Paul Mrosek KG Wittenberg.

Beautifully manufactured in glass and cast-aluminium they are explosion, dust, gas and water proof. They were used in petro-chemical plants, mines and power stations predominantly in East Germany, though some were exported to other communist block countries.

Completely re-wired with new bespoke LED components. The interior frames have been powdercoated in grey.

Fitted with 2 no. fully dimmable (1-10v) LED T8 tubes. Available in 2 colour temperatures - 3000k (White) or 2200k (Extra Warm White).

Can also be supplied as pendants mounted on steel 'Y' profile wires, please see image.

- Supplied fully assembled and tested to BS EN 60598
