PRODUCT DESCRIPTION

A large [opaline glass](#) globe pendant light based closely on the early 20thC original design.

Blown by hand in a traditional glass foundry to give the classic warm opaline glow. [See more.](#)

At 50cm in diameter these lights lie at the very limits of what can be blown by hand. They can only be produced in small batches by the most experienced glass blowers in our foundry.

A bespoke 'monks-cap' fitting compliments the clean lines of the glass.

Metalwork is in a bronze finish.

- Wired as standard with 1.5m braided flex. Please specify if you need longer lengths.
- E27 Bulbholder.
- Max 60w, LED bulbs recommended.
